

Last Mile Care
Job description

About LMC: Last Mile Care (LMC) is an early-stage startup working in the primary healthcare sector to provide accessible and affordable healthcare to all that started in 2019. We are currently setting up our flagship assisted telemedicine centers - 1Care Clinics - which are easily accessible points of contact to provide professional teleconsultation & referral services, affordable medicines, and diagnostic services. These clinics also provide health financing & insurance products to increase health coverage and reduce out-of-pocket expenditure.
